Objectives

- Understand the SIT Table duplicate issue
- Be aware of upcoming changes
- Understand MTF role in the procedure

Why Clean-Up?

There are many duplicate HICs

- Takes a long time to wade through list to choose the desired HIC
- Not sure whether to add a new one
- Similar HICs but incorrect information

Overview of Processes

Basic Idea:

- Reduce the number of HICs
- Re-point the OHI
- Communication with VPOC

How Will It Work?

- Defense Manpower Data Center (DMDC) will run a report to separate HICs by:
 - name and state (e.g., Aetna of CA)
 - group (e.g., Mailhandlers)
- Committee of 3 Service Representatives will review all HICs (Army, Navy, AF contractor)

How? (Con't)

- List of HICs will be emailed
 - Which ones to use
 - Which ones proposed to deactivate
- 60-day window timeframe
 - MTF to review and RSVP VPOC if there is a HIC to keep
 - MTF to re-point their OHI to designated HIC

How? (Con't)

- 30-day check
 - DMDC to run report on designated HICs to see progress of OHI re-pointing
 - MTFs to receive email reminders

How? (Con't)

- 60-day check
 - DMDC to run OHI progress report
 - MTFs to receive email reminder
- Designated HICs to be deactivated when OHI re-pointing report is satisfactory

Summary of Clean-Up

- Clean-up procedure
 - Identify duplicate insurance carriers
 - Opportunity to re-point OHI
 - Communication system with VPOC
Vpochelpdesk@altarum.org
- Snag
 - MCSCs and Pharmacy can only Cancel and Add OHI
 - No re-point capability

MCSCs and Pharmacy

Inability to re-point OHI

- Will limit clean-up process
- May be able to reduce not eliminate the number of duplicates
- Plan to do a modified trial on a smaller group of HICs
- Will evaluate to determine further effort

Important For MTFs To Know

- May notice fewer HICs with a particular health insurance carrier
- May find it easier to choose a HIC
- Will not interrupt current business processes
- Anticipate start of clean-up end of June

How Can MTFs Help?

- Review the HIC list that will be emailed
- Decide if you agree with the HICs to be deactivated
- Email VPOC only if you want to keep a particular HIC –
VPOChelpdesk@altarum.org
- Re-point your OHI to the designated HICs within the 60-day window

Resources
